Educational Technology Evaluation Guide

Technology can be an invaluable instructional tool in the classroom. It is also a significant investment and choosing the right system for your school or district can be challenging. Use this ranking guide to make sure you are taking into consideration the most critical aspects of the system.

Ranking Scale:

1 = System does not fulfill the objective

2 = System meets the objective

3 = System exceeds expectations of the objective

Content:

Content is clearly aligned to applicable state standards and assessments	1	2	3	N/A
There is efficacy to support that the program improves student outcomes and achievement	1	2	3	N/A
Content is available through mobile devices to improve ease of access for students	1	2	3	N/A
Format is visually appealing, interesting and age appropriate	1	2	3	N/A
Program includes activities and assignments that can be completed offline	1	2	3	N/A
Notes:				

Administrative Functionality:

Course plans, materials, and enrollment tools are well organized and easy to use	1	2	3	N/A
Classroom reports are detailed and easy to access, and they help teachers focus on the students and topics requiring additional instruction	1	2	3	N/A
System functionality aligns with the goals of your unique program, whether they are test preparation, credit recovery, RTI or other objectives	1	2	3	N/A
Additional resources and support are available for system users to optimize use	1	2	3	N/A
System provides actionable data to inform decisions and monitor overall program success	1	2	3	N/A
Students' submitted work is easily accessible through student portfolios	1	2	3	N/A
Notes:				

Student Engagement:

Students are required to actively participate through note-taking, activities, questions, etc. in order to move through lessons	1	2	3	N/A
System enables, monitors, and records interaction between students and the instructor	1	2	3	N/A
Content and activities foster multiple learning styles	1	2	3	N/A
System provides incentives (for example: games, points, awards, etc.) to motivate learning	1	2	3	N/A
Activities provide students with easy-to-understand, immediate, and actionable feedback	1	2	3	N/A
Notes:				

Customization:

Teachers can easily rearrange modules and add content in order to align with their syllabi	1	2	3	N/A
Content can be customized to individual education plans for students with diverse abilities and needs	1	2	3	N/A
Remediation and enrichment activities are available	1	2	3	N/A
System supports differentiation of instruction	1	2	3	N/A
Notes:
