AI in the Classroom

Streamlining Workflows to Save Educators Time

- Faster, more effective EdTech onboarding
- Automate student data analysis and reporting
- Facilitate individualized instruction
- Support 'brick-to-click' online learning
- Empower educators to focus on the 'why' rather than the 'how'

Edmentum's Approach to AI

Use what we know about how outstanding educators teach and the pedagogically sound learning design of Edmentum programs to predict and anticipate our users' needs.

Meet Edmentum Online Navigator

Hello
my name is

EON

- Guide educators through the wide variety of Study Island features available
- Take advantage of 20 years worth of learning about how educators effectively use the program
- Help educators personalize standards-based learning
