Exact Path Implementation Guide

Use this week-by-week implementation guide to support successful onboarding for you and your students.

Week 1	Week 2	Week 3	Week 4+
☐ View the Exact Path for Instructors webinar.	☐ Continue accessing the Exact Path Getting Started page for program resources.	☐ Continue delivering instruction guided by student progress data from the Knowledge Map and Current Activities data views.	☐ Meet with your grade-level professional learning communities (PLCs) to collaborate on daily schedule best practices.
☐ Create your online teaching schedule. Download this template to help guide you.	☐ Edit learning path placement (only as needed) to align to special population needs.	☐ Modify or accelerate learning for special populations by using the Content Search or adjusting Student Settings.	☐ Monitor progress and fine-tune Challenges to encourage student engagement and student agency.
☐ Print parent letters and generate class login cards.	☐ Create additional virtual assignments aligned to your instructional scope and sequence for on-grade-level standards assessment or special population intervention.	☐ Ensure students are meeting your school's goal for time spent each week.	☐ Refine instructional guidelines and practices based on student progress.
☐ Review class setup and make any outstanding edits to ensure your aggregated data views roll up correctly.	☐ Explore Challenges to inspire student motivation and design personalized awards for achievement.	☐ Explore the Content Search for additional video lessons, printable worksheets, or lesson ideas to augment your students' learning.	
☐ Introduce students to Exact Path with the correct video and student guide, available on the Learn & Support page in the Student Experience tab.	☐ Monitor program fidelity to ensure students are meeting your school's goal for time spent. The Exact Path Effectiveness Study recommends 30 minutes per subject, per week.	☐ Use the Grouping tool to identify students who are struggling in specific areas and provide targeted support based on individual needs.	
☐ Prepare students to work in their learning paths and define daily virtual activity expectations by delivering a live session or video.
