

Edmentum & OSDE Professional Learning

Edmentum and OSDE Partnership:

The Oklahoma State Department of Education (OSDE) is using a portion of the agency's Elementary and Secondary School Emergency Relief (ESSER) funds to provide the digital platform at no cost to school districts across the state. The ESSER funds are part of the federal Coronavirus, Aid, Relief and Economic Security (CARES) Act. Districts will have access to Edmentum Exact Path and one diagnostic assessment (Exact Path, Renaissance Star, or NWEA MAP Growth) for the 2020-2021 school year. Additional details on the program can be found in the following article: [Hofmeister invests in online tool to mitigate learning loss at no costs to schools.](#)

Exact Path Webinars:

Exact Path webinars begin the week of July 20, 2020. Registration links can be found below as well as on the OSDE Getting Started page. Two initial webinars will be offered virtually and will also be available on demand on the Getting Started page.

Attend each webinar one time in the sequence recommended below based on the type of Exact Path assessment your district will use.

Webinar 1: Getting Started with Exact Path OR Getting Started with NWEA/Renaissance

The focus of this webinar is to provide guidance on enrolling users, setting up your account, scheduling and analyzing the diagnostic, progress monitoring, and preparing for fall assessments.

Webinar 2: Implementation Workshop

The focus of this webinar is to support educators in planning for the day-to-day instruction of students. This webinar offers everything teachers need to get started, including a general overview of Exact Path, creating classes, and exploration of the student experience to support best practices for usage and in-product support.

Webinar Title	Registration Link	Date	Start Time (CST)	Duration
